

Financial Aid Worksheet

This worksheet is intended to help you estimate the amount of billed charges that will be due prior to the beginning of each semester. The Cost of Attendance is listed in the Financial Aid Policies Handbook on Financial Aid website:

<http://financialaid.umwestern.edu/paying-for-college#umw-tabbed-cost>

Please refer to your Financial Aid award letter to find out the amount of your scholarships, grants, loans etc.

You should not add the student employment work study award as a credit towards your balance due. If you are employed, you will be paid monthly only for the hours that you work.
